I-Waiver

LEND IT. STAY ON GOOD TERMS.

A handshake is nice. Signed and covered is better.

Turn the loan into a signed agreement both parties keep — written for the state it happens in, and producible years later when somebody asks.

- They sign from a link. No account, no app, nothing to download.
- A record that holds up: versioned wording, signatures bound to the document.
- Cover for the loan period, where it is available.
